I can tell you right now with complete confidence that the only thing brokers who halted trading are guilty of was bad PR and nothing else. I was pissed when trading was halted, but now I'm just upset that I'm hearing people trash some trading apps which did absolutely nothing wrong and has done so ...

frenzied trading of GameStop stock, suggests more disclosure is needed. Transparency in the markets and the pact of new technology at the top of chairman of the Securities...

Meme Stocks and Archegos: Fed Calls Out ...

6 days ago 😊😊😊😊😊

The Federal Reserve painted a picture of a generally stable financial system, but one bubbling with risk-taking that merits attention. The Federal Reserve warned about financial stability risks emanating from frothy stocks and debt-laden hedge fund bets in its twice-annual report on potential vulner...
